Hi Alan,

Just checking in to see whether you will have time to finish the roads comments from the State letter (see attached email from 6/26).

I know that you've been busy working on and directing your own team efforts, so I can appreciate how squeezed you are for time. I'm hoping to have reviews from our roads team (me, you, Theresa, and Peter) by the end of the day next Tuesday. Please let me know if this time frame works for you. Also, I'd like to set up a quick discussion with the team a week from today if you are available -- I'll check your calendar.

Thanks!

Hi Alan,

I will be out of the office on Ex. 6 - Personal Privacy starting tomorrow until the week of July 7th. I realize that you have a lot on your plate re. OR CZARA, but was wondering whether you would be able to write up roads-related comments from the ODEQ and DLCD.

When I return I will be working on some of the other comment letters received re. roads and will be finishing up the draft rationale and response to comments for landslides (hope to get that out to our small team for review by July 11th).

Please let me know whether you are able to take on the roads comments from ODEQ and DLCD given your schedule and work load.

Many thanks in advance.

Thanks Alan, I'll take a look at this today.

Do you think you would have time to pull out the landslide-related issues and references addressed in this submittal in preparation for our 6/24 discussion?
